Dear Dick, Gallery 2/2/93

The TV show, Unsolved Mysteries, plans to use me on a show on the King assassination to be aired about the time of the anniversary, perhaps as I think they hope, a little sooner.

One of the ataff is a ~~fri~~ friend. He and I were talking about it over the weekend and his proposal was approved.

I'm to hear from them again in a couple of days. As I understand it they'll be here within two weeks to tape.

I presume you know about the coming Thames TV/HBO show on The Trial of James Earl Ray. Thames wanted to hire me about a year ago but I ~~decind~~ declined that and refused to be on the show. I've helped them a bit but that does not involve me.

This friend, who knew that, said, well, they have 3,000,000 viewers. We have 30,000,000. He knew that was not in my mind but he is proud of the size of their audience, I guess.

Best,

Harold
